

Innovative Systems Equipment Compliance

NDAA Section 889 Compliance

Innovative Systems branded devices and services are compliant with Section 889 of the National Defense Authorization Act (NDAA).

The National Defense Authorization Act, specifically Section 889, among other things prohibits federal agencies, their contractors and grant or loan recipients from procuring or using “telecommunications and video surveillance equipment or services” from specific Chinese companies as a “substantial or essential component of any system, or as critical technology as part of any system.”

The NDAA ban includes telecommunications equipment and services produced by Huawei Technologies Company or ZTE Corporation, as well as video surveillance and telecommunications equipment and services produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company, and their affiliated entities.

FCC 2019 Supply Chain Order Compliance

Innovative Systems branded devices, equipment, and/or components and services are compliant with the requirements of the FCC’s 2019 Supply Chain Order.

The FCC’s 2019 Supply Chain Order requires all ETCs to report whether their networks contain or use potentially prohibited equipment or services provided by Huawei Technologies Company (Huawei), ZTE Corporation (ZTE), or their subsidiaries, parents, or affiliates.
