Conferencing

Conference Calls for up to 128 People at a Time

- Conference Calls can be Recorded and Saved to your PC
- Administrators can instantly add new people from a Web Portal
- A Quiet Mode mutes all attendees except the Administrator

APMax Conferencing provides customers a secure conferencing service with local billing. Let your local reputation for good customer service stand out over the web-based conference providers.

Basic Conferencing

- Callers dial a designated number.
- Callers are prompted for unique 5 digit PIN # of their choice.
- Conference proceeds until the last caller hangs up.
- Service provider generates revenue from terminating minutes.

On-Demand Conferencing

- EMI and XML billing record options
- Web Portal administration
- Recording option
- Flexible billing options
  - Flat rate • Monthly charge • Usage
  - Attendee charges • Direct-dial minutes
  - Toll-free minutes
- Advisory message for recorded conference calls
- All or individual attendee muting options
- The administrator can use the Call Manager to add attendees during an in-progress call without a conference ID #.

Quality Control for Conference Administrators

Background noise and volume levels of attendees can be controlled by the conference administrator with the Web Portal option. The On-Demand Conferencing service also allows administrators to carry on private conversations with any of the attendees during the conference.

Conference Recording

An accurate account of what was said during a conference can be vital for certain users. With On-Demand Conferencing, subscribers can listen to the conference recording with the Web Portal option, or they can download the recorded conference to their computer for a permanent record.
